

International Conference on Electrical Systems & Smart Technologies

HYBRID CONFERENCE (ON-SITE AND VIRTUAL)

DAKHLA

December 11-13 2024
Dakhla, Morocco

ICESST 2024

The aim of the ICESST 2024 is to enable scientists, industrialists, engineers and university students from all over the world to present their research activities, and to strengthen research relations between universities and industry.

CONFERENCE PUBLICATION

All ICESST 2024 presented papers will be submitted for publication in conference proceedings by Springer book series **(Sustainable Civil Infrastructures)**.

<https://www.springer.com/series/15140>

Electronic ISSN: 2366-3413.

CONFERENCE SUBMISSION

ICESST 2024 online submission system is:

<https://www.icesst.com/call-for-paper/>

TOPICS INCLUDE BUT ARE NOT LIMITED TO :

- **Topic 1. Advanced Electrical Systems Infrastructure in Smart Cities**
 - Advanced Power Distribution Techniques
 - Power Electronics for Smart City Infrastructure
- **Topic 2. Artificial Intelligence and Optimization in Engineering**
 - Machine and Deep Learning Techniques
 - AI-driven Cybersecurity Solutions
- **Topic 3. Real-time Monitoring and Biomedical Applications**
 - Real-time Monitoring and Control Systems
 - Biomedical Robotics and Engineering
- **Topic 4. Smart Infrastructure and Renewable Energy Systems**
 - Microgrids and Smart Grids
 - Green Hydrogen, Wind & Solar Energy for Smart Cities
- **Topic 5. Smart Technologies, E-Mobility, & Industry 4.0**
 - Industry 4.0 and Industrial IoT
 - Vehicle-to-Everything (V2X) Technologies
- **Topic 6. Advanced Energy Management & Smart Grids**
 - Next-Generation Energy Management & Forecasting
 - Energy Storage Optimization

IMPORTANT DATES

- **Full paper submission: September 30, 2024**
- ~~Full paper submission: September 01, 2024~~
- Notification of acceptance: **October 15, 2024**
- Paper Registration: **November 01, 2024**
- Camera-ready submission: **November 07, 2024**
